## Capabilities Statement

---

Searcy Entertainment Inc. is experienced in finding the right talent and promoting new, cutting-edge products and services in the multimedia arts for today's marketplace and for the future. Our commitment and focus is to produce quality work and to make available all industry resources that will guarantee the success of our projects. The company will invest heavily in today's state-of-the-art equipment and will reinvest just as solidly in successive generations of new technology.

Our philosophy is self-expression. We will give all our projects an opportunity to be expressed in their own unique way. Combining unlimited imagination and experience in the business with unique and talented artists and technicians is a surefire way to produce highly profitable movies and shows as well as multi-platinum music projects. You can be sure that Searcy Entertainment will maintain this same direction and commitment in all endeavors in the multimedia arts world!

Change the world for the better, one person at a time!
